

# Our Services Make Your Services Stronger.

Oracle operates on an aggressive testing schedule to ensure rapid, accurate test turnaround times.

You get personally assigned Oracle employee phlebotomy services. You don't have to deal with some third-party contractor.

- ▼ Oracle promises routine four-hour Protime results.
- ▼ We provide our own specially trained Phlebotomist for routine services, Monday through Sunday, as needed, at no charge.
- ▼ A customer-friendly service staff is available to facilitate all customer needs in a timely manner.
- ▼ Oracle has a pro-active billing department dedicated to facilitating all billing needs, including coding requirements, Medicare updates and patient account inquiries.
- ▼ STAT results are available four hours after your initial order has been received.
- ▼ Customized pricing schedules are available upon request.
- ▼ We provide monthly and quarterly infection control reports and experts when you need them.
- ▼ We participate in your quality assurance meetings.
- ▼ Oracle provides our own experts in laboratory collection,

safety and education, all at no charge to you.

## Clinical Expertise

- ▼ With Oracle you'll work with a board-certified Anatomical Pathologist.
- ▼ Oracle also brings you a full-time staff of Licensed Supervisors and Technologists.
- ▼ You work with a state-of-the-art testing facility.
- ▼ We'll bring you external quality control programs.
- ▼ Oracle always delivers precise and accurate results.

## We're Always Available

- ▼ Oracle never closes. We're open 24 hours a day, 365 days a year.
- ▼ You always get 24-hour phlebotomy service.
- ▼ We offer 24-hour courier service.

## Insurance Carriers

- ▼ Medicaid.
- ▼ Medicare.
