

Our Services Make Your Services Stronger.

Oracle operates on an aggressive testing schedule to ensure rapid, accurate test turnaround times.

These daily quantifiable drug test results allow you to accurately monitor the toxicology levels in each patient. That way, you can determine if they are trending up or down.

- ▼ We provide a specially trained Phlebotomist for routine services, Monday through Sunday, at no additional cost.
- ▼ We can provide you with on-site, instant drug screen test kits at wholesale prices or no charge at all.
- ▼ We can provide customized drug panels for your programs, even for each of your patients.
- ▼ Oracle provides monthly and quarterly infection control reports, as needed.
- ▼ Historical results are available online.
- ▼ Toxicology education programs are available.
- ▼ Oracle will provide a turnkey occupational drug screening program, including clinical testing, plus administrative and Medical Review Officer services.
- ▼ A customer-friendly service staff is available to facilitate all customer needs in a timely manner.
- ▼ Oracle has a pro-active billing department dedicated to facilitating all billing needs, including

coding requirements, Medicare updates and patient account inquiries.

- ▼ STAT results are available four hours after your initial order has been received.
- ▼ Customized pricing schedules are available for both clients and patients.

Clinical Expertise

- ▼ Oracle will team you with a board-certified Anatomical Pathologist.
- ▼ Oracle also brings you a full-time staff of Licensed Supervisors and Technologists.
- ▼ You work with a state-of-the-art testing facility.
- ▼ We'll bring you external quality control programs.

- ▼ Oracle always delivers precise and accurate results.

We're Always Available

- ▼ Oracle never closes. We're open 24 hours a day, 365 days a year.
- ▼ You always get 24-hour phlebotomy service.
- ▼ We offer 24-hour courier service.
